

Need A Breast Pump?
Call Us to See If You Qualify!
Pinellas WIC Breastfeeding Line
(727) 824-6997

7 days a week, 9 a.m. – 9 p.m.

With the help of a breast pump, you can continue to provide the BEST nutrition for your baby when going back to work or school!

Pinellas County WIC has a free pump program for qualifying clients. To qualify, you need to:

- 1. Have an active WIC certification**
- 2. Be Postpartum**
- 3. Be partially breastfeeding or exclusively breastfeeding**
- 4. Have a goal to exclusively breastfeed your infant**
- 5. A pump from WIC can help you achieve your breastfeeding goal!**

This institution is an equal opportunity provider.

Revised: 10/22

Other Options:

Breast Pumps from Insurance- Medicaid and Private Companies:

- Check with your insurance provider about obtaining a breast pump
- Some insurance companies require a prescription from your doctor to provide a pump. Prescriptions would need to include that you need a double electric breast pump and the reason that you need it. Examples of reasons may include: return to work, infant in NICU, medically needy infant, poor latch, mom has inverted/flat nipples, baby is tongue tied, etc., (this is not a complete list of reasons, call your insurance company for more information)

Call to find out which equipment supplier(s) accept your insurance/Medicaid plan:
